Good Morning Jenny,

Thank you for your visit this morning!

You had asked about affirmation of cleanup standards in documentation. Here's the skinny:

EPA recognition of Tribal Cleanup Standards appears in EPA's August 6, 2015 letter from Margaret to WDNR (Darsi Foss). The letter states:

"I want to call your attention to EPA's authority to undertake action at the site and determine whether the site, ultimately, has been cleanup up to relevant federal cleanup and tribal levels."...

I attached the August 6th correspondence and the response from both the State and EPA.

The recognition of Tribal Law also appears in the Tribe's July 29th Consultation Understanding Letter.

After a number of contentious phone calls early on, EPA has verbally told us that cleanup will be to Tribal Cleanup Standards.
